

Applicant : Rainer B. Nees et al
Serial No. : 10/761,447
Page No. : 2

In the Specification:

Please replace the paragraph beginning at page 4, line 12 with the following replacement paragraph:

The doorbeam 10 is formed from a web stock 40 and generally includes a center section 20 and attachment portions or end portions 30. The center section 20 interconnects the end portions 30, which secure the doorbeam 10 in a door 100, as shown in Fig. 1.
